THE HUMBER HORROR.

Graphic Account of the Disaster.

SCENES AND INCIDENTS.

(From the Mail.)

Not since the terrible Knowles accident

on that London couple of summers ago

has the country been shocked by such a

terrible disaster as occurred yesterday

morning on the Great Western division

of the Great Western Railway about half

past five on the morning of the 3rd inst.

between the Holt Works and the Park

crossing. The suburban train, with about

sixty workmen on their way to the Holt

Works, was run into by a freight train

from the west, and every man and boy in

the first car either killed or wounded.

There were five, including the foreman of

the engine, in the second car, and these

were the only ones to escape almost

uninjured. The suburban train consisted

of the engine and two cars, while the

freight train was made up of the engine,

a tender, a baggage car, and a caboose.

The conductor of the freight was on his way

from Point Edward and at Hamilton

received orders to proceed on his own time

to the Queen's wharf, giving right of way

to all regular trains. He looked at the

time card and started, expecting to meet

No. 1 and 15 at the Queen's wharf, but

forgetting altogether that No. 1 and 15

was on the list of "regulars."

The engine, too, had never been over

this part of the road before, having been

transferred from the main line to the

Western division. At the moment the engine

of the freight found the line clear and

thundering past, the train, gaining velocity

every instant, as it was on the down grade

the view of the accident is a curious one

and south side of High Park, and at one end

of it is a clump of trees which obstructs

the view of an engine coming around a

curve. Not until the train were within a

hundred yards or so of each other did the

engineers see the impending disaster, and

both whistled "down brakes." Then they

sprang for their lives and escaped. The

driver of the suburban train, however, did

not see the freight train, but the fireman

of the freight stuck to his engine and

was killed instantaneously. Then they

One arrest was made last night.

The street near Vandewater's, in the 2nd

Con. of Sidney, is completely blocked.

The Superintendent of County Grand

Road has given men at various points

removing the snow drifts.

As the prospects are that this will be an

uncertain year, all good resolutions should

be pulled up with a railroad spike.

The streets were almost deserted last

night. A suit was found to be preferable

to facing the biting wind that prevailed.

The Salvation Army meeting last night

was evaluated by Ministerial. Credit. The

attendance there was very small, but that

did not deter the soldiers from exhibiting

their customary enthusiasm.

During the storm yesterday afternoon a

man got lost on the bay, and wandered

around for an hour and a half. Several

parties tried to cross from the Prince Ed-

ward shore, but, after going a short dis-

tance, were obliged to return to the shore.

There was a very moderate attendance

at the entertainment of the church of

England Temperance Society in the Work-

ingman's Hall last night. The programme

given was similar to that which was pre-

sented a few weeks ago by the same or-

ganization.

NORTH FINE STREET, north of the rail-

way bridge, is impassable, as the snow there

is drifted to a depth of six feet. The horses

employed by the city, with the aid of

some laborers, do some work, where which

would be of considerable benefit to the

residents of that section and the farmers

who come to town by way of the Junction

Road.

Ald. Peter and Chief McKinnon left the

city yesterday afternoon to attend the

annual meeting of the Gas Company.

The learned hearing of the Gas Company

against the Local Board, and the learned

hearing of the Local Board against the

Gas Company, were held at the City

RAILWAY NOTES.

Three snow-ploughs and engines were at

work on the Ontario Central Railway yester-

day, and the snow-ploughs were at work

fast as the track was cleared it was filled

again.

Very little benefit resulted from the

journey of the snow-plough on the Grand

Junction Railway yesterday, as the snow

was so deep that the snow-ploughs could

not get through.

At eight o'clock this morning the express

from the east was reported to be "some-

where below Kingston, but exact loca-

tion could not then be determined.

An auxiliary train on the G. J. R. from

Petersburg, got stuck in the snowdrift, just

north of the J. J. R. engine shed here, about

8 o'clock last night. A force of men were

engaged to-day in clearing the road there,

and to allow the train to get into the yard.

No. 1 was an hour late.

There were no trains to or from Petersburg

yesterday morning.

No. 4, express this morning was five hours

late, and No. 5 was four hours behind time.

No. 6 yesterday was late at 12:45 p. m.

arrived here last night at eight o'clock, and

at 7:30 this morning was in a snow bank

this side of Kingston.

There was a great number of heavy drifts

on the Millard.

Three trains are snowed in on the Central

Ontario between Wellington and Bloom-

field.

The freight trains on the G. J. R. have

been cancelled.

Public Works.

We yesterday stated that the expendi-

ture on Public Works in the city last year

was considerably below the average of for-

mer years. A more careful examination of

the accounts of the municipality for the

past eleven years shows that our statement

was greatly below the truth. The official

figures are as follows:

WHOLESALE SMUGGLING.

(Monthly Journal of Commerce.)

A special agent of the Treasury Depart-

ment, Washington, has addressed a letter

to the chief, summarizing information con-

tained in reports on the subject of

smuggling, and the revenue by

understatement and other practices. It

states that there has been a steady

increase of smuggling, and that the

revenue by understatement and other

practices is estimated at \$1,000,000

annually. The agent also states that

the smuggling of goods is a serious

evil, and that it is necessary to

take prompt action to suppress it.

BURNED AT SEA.

Scenes on Board the Blazing

"San Augustin."

A TERRIBLE BATTLE WITH THE FLAMES.

The chief engineer of the steamer San

Augustin, which took fire at the

afternoon of the 10th, December, tells

the following story of his experience:

"The San Augustin was bound for

San Francisco, and was on her way

when she was overtaken by a

terrible storm. The sea was

running high, and the wind was

driving her on. At midnight the

fire broke out in the fore

cabin, and in a few minutes

the flames were spreading

rapidly. The captain ordered

the engines to be stopped, and

the ship to be put under

way. The flames, however,

were not checked, and in a

few minutes the ship was

in flames. The captain

ordered the crew to be

put on board lifeboats, and

the ship to be abandoned.

MERE MENTION.

In police circles last night everything was

As English mail was distributed at the post office this morning.

NATHAN was again coming into favor as a means of meeting their security.

There were two runaways yesterday afternoon and one this afternoon. In no case did damage result.

The annual meeting of the Belleville Cemetery Co. will be held in Mr. A. G. Strickland's office on Monday afternoon.

The morning express from the east was nearly two hours late and the train from the west due at 11:40 a. m. was also behind time.

BARRY GUNWAY, the carrier, brought a load of baskets and a female representative of Poor Law, from the G. T. R. depot this morning and deposited them at the corner of Front and Bridge Streets. The Indian Indian and Barney presented an attractive picture as mounted on the load they passed through the street.

The Gospel Meetings of the Evangelical Alliance are still drawing large numbers. The interest is increasing. It is hoped that this is the beginning of a mighty movement in which the city shall be saved.

Billiard Hall Throughout Trenton

Mr. Hargrove of Trenton the Victim of a Vice

A young man by the name of Wallace

McMasters was playing billiards in the

Queen's Hotel, Trenton, yesterday, when

an altercation took place between him and

another man. McMasters, catching up a

billiard ball, threw it, missing his man,

and striking Mr. Hargrove in the head, in

the back, knocking him insensible. When

taken up he was to all appearance dead,

and for a long time it was feared that life

was extinct. Under Dr. Boyce's hands,

his chance of life was slight, though there

was a slim probability that he might live.

Every care and attention that faithful

hands could bestow were given the sufferer,

but disease had taken such a hold on his

constitution that it was impossible to save him.

Deceased was born in Thirion on the

line road between Township and Sidney

and was 20 years 2 weeks and 5 days

old at the time of his death. He was the

essence of good nature and his merry

laugh will be greatly missed by his

dear associates. He was widely known and

his death will be deeply regretted.

Failing!

That is what a great many people are doing.

They don't just know what is the matter, but they have a

combination of ideas and

prejudices, and each month they grow wiser.

The image shows the front cover of an old book. The main part of the cover is a dark, possibly black or very dark brown, material with a rough, textured surface. Along the right edge, there is a vertical strip of a lighter, tan or light brown material, which appears to be made of a different substance, perhaps leather or a different type of cloth, and shows signs of wear and discoloration. The spine of the book is visible on the left side, showing a similar dark texture. The overall appearance is that of a well-used, antique volume.

Public Works.

OTTAWA, Jan. 22.—The report of the

Public Works Department for the year

ended June 30th, 1883, was laid upon the

table this afternoon by Sir Hector Langevin.

The department is a busy one. Its

operations extend over the whole Dominion.

Under its control are—1. Public

buildings, their construction and maintenance.

2. Harbours and piers, their improvement

and construction. 3. Works on navigable

revenue. 4. Dredging and dredge

boats. 5. Roads and bridges. 6. Slides

and boulders. 7. Telegraphy. The expense

of the department during the year was

\$2,029,520, an amount of public works

buildings, and in addition there was spent

the sum of \$200,000 for dredging the St.

Lawrence between Montreal and Quebec.

\$60,540 for Quebec harbor improvement.

\$75,000 for Lewis groyne and dock.

BELLEVILLE, FRIDAY, JAN. 25.

MERE MENTION.

LEAF your parties are now in order.

HATREY'S Minstrels at the Opera House to-night.

Three drunks and a tramp were cared for by the police last night.

The annual meeting of the Belleville Gas Co., will be held on the 4th inst.

The Hamilton Spectator is being issued temporarily from the office of the Tribune.

HARRIS has sent three new men to the Legislature—one from each division of the County.

Three drunks, arrested last night, were discharged by the Police Magistrate this morning.

The Boston Opera Company, which is said to be a very talented organization, will appear in the Opera House on Tuesday evening. See the advertisement.

One of our correspondents sent us "hymenial altar." He was right, no doubt, as a sentiment, but for the vast majority of ladies after their names at the "hymenial altar."

PRINCIPAL GRANT, of Queen's College, will preach (D.V.), by appointment of Presbytery of Kingston, next Sunday morning in John Street Church in the evening.

The members of the Boston Opera Company were, owing to the detention of the train from the east, present at the Opera House last night. They were to have performed in Columbia last night.

HENRY MITCHELL (of "Tom" Comers) sleigh, loaded with lumber, upset yesterday on the way to town. One of Mr. Mitchell's legs was badly cut and he sustained some injury to his head. Dr. Wilson is attending to him.

EVENING SERVICE. The union Gospel service in the lecture room of the Bridge St. Church last evening was well attended and very profitable. It is intended to continue the meetings indefinitely as long as the interest is kept up, and "Sinners are coming home." Let there be a good turn-out tonight. Christian readers, bring your unsaved friends.

A THIRTEENTH ACT.—The illuminated "Prepare to meet thy God" and invitation, "Gospel meeting to-night," at the Bridge Street Church, were torn down last night. If the party who was thoughtless enough to do such an act will communicate with box 436 his name will be held in confidence and he may have an opportunity of making right his mistake. Don't delay. "Sinners are coming home." Let there be a good turn-out tonight. Christian readers, bring your unsaved friends.

EXTRACTS FROM YENNER'S forecast for January:

First week—"Snow; dull or rainy in many sections."

Second week—"Generally open weather. Very little snow in Canada; waters quite open. A warm month."

Third week—"Continued open, mild weather. Snow fall, no far, everywhere light."

Fourth week—"Snow fall generally below average in United States and Canada. Month closes with little or no snow in most sections of country."

TEMPERATURE.

As Registered by Prof. Hall's Self-Registering Thermometer.

FRIDAY, JAN. 25, 9 a. m.

Maximum zero; minimum 26 below zero.

This is the coldest day on record here. On Dec. 24, 1882, the thermometer was as low in the morning, but the moonlight of the day was about 6 above zero; whilst yesterday the average was 124 below.

Between these dates the lowest temperature registered was 22 below zero.

Weather Probabilities.

Toronto, Jan. 25.—Likely, southerly to westerly winds, fair milder weather, light snow in some localities to-night.

Three Fingers. Shortly before midnight last night, William Maraby, a brakeman on the G. T. R. met with an accident while coupling cars. Two fingers of his right hand were cut off and the third was badly crushed so that it had to be amputated. Dr. Wilson performed the operation and the patient is doing as well as could be expected under the circumstances.

Committee Work. The Board of Works met last night and passed the pay sheet, which amounted to \$80.

A Committee of the Council took up the question of the assessment and after a long discussion it was decided to adhere to the old rule and recommended the employment of three at a salary of \$200 each.

The Life of Queen Victoria. We have received the first number of Mrs. Sarah Tyler's work under the above title, which is now being issued in monthly parts by Mr. Geo. Virtue, of Toronto, and is being sold by subscription. The promise of the prospectus has been well carried out in the part before us; the pictorial portion of the work being of exquisite beauty, and the literary portion of the book gives promise of being worthy of Mrs. Tyler's high literary reputation.
